

INLET FILTER

Inlet Filter offers performance and flexibility.

- Attach in minutes **without** removing grate
 - Fits flat, roll curb, vertical and beehive inlets
 - Cut with shears or utility knife for in-field fit
 - Pads or rolls fit 100's of grate styles and sizes
 - Sweep surface and sides to remove built-up silt and allow water to flow
 - Vehicle traffic will not damage or dislodge
 - Not a hazard for pedestrians
- Now there is NO reason to get hit with fines!**

How it Works:

Stormwater runoff slows as it flows through the media, allowing sediment to drop out. Filtration further reduces sediment load. Filtered water enters sewer system.

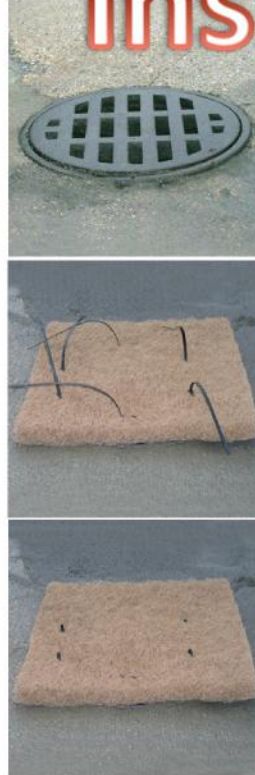

Specifications:

Item #:	Dimensions:	Pieces per Carton
ERO15X27X30B	1.5" x 27" x 30"	10 pads
ERO15X27X25FTB	1.5" x 27" x 21'	1 roll
ERO1527X55FTB	1.5" x 27" x 75'	1 roll

Other pad and roll sizes are available upon request.
Cartons sized to ship by UPS.
